Subject: Upgradation Activity for eOffice Application: Controller General of Defence Accounts (CGDA)

\*\*\*\*\*

It is intimated that CGDA office is upgrading eoffice application from eFile 5.x to eFile v7.x. The Upgradation activity is scheduled **from 04 June 2024 (Tuesday) to 06 June 2024 (Thursday)**.

2. During this period, the services of the eOffice instance of CGDA will be temporarily suspended. This downtime is necessary due to the large volume of data generated within the eOffice instance, requiring thorough attention to ensure a smooth transition. As a result of the system unavailability, users will not be able to access the eOffice application during this time.

This issues with the approval of JT.CGDA (IT).
